But I know that I love the rain the most when it stops

D G Bm A

Yeah, when it stops

No more grey today, we gonna celebrate

You know Miss Sunshine, she starts to paint a perfect picture of this river parade

And I know that I love the rain the most when it stops

Yeah, when it stops

Well, the dark waves, they start singing together

I can't believe this change in the weather

I start to hum a child's rhyme

And all these boats, they start rocking in time

And I love the rain the most when it stops

Yes, we love the rain the most when it stops

Yeah when it stops

The summer is coming to an end

We ain't gonna let that slow us down one bit

Til that sunset will start to fade

They're gonna drag us screaming from these old riverbanks

We love the rain the most when it stops

We love the rain the most when it stops

Yeah, when it stops

Yeah, when it stops

Yeah, when it stops

When it stops, when it stops, when it stops...

Yeah, when it stops

I think you've had a little too much too drink

Let me help with that

Don't forget to tie the boat up

Not that way, no it's a figure eight, yeah

Yeah when it stops...
The rain, when it stops...
